**"From the Grill"** advertising is reserved to newsletter members only. Our business is to be the best family owned restaurant. We are not in the advertising business!

For years we have turned down offers to advertisers in fear that our newsletter would become nothing but a big advertisement. As years have gone by, we found value in helping those small businesses owned by our guests. It has been our experience that our guests like to do business with our other guests. Friends supporting friends.

**Your business must be approved by our staff, offer a quality service and or product, and you must be a member.** Our prices are based on how many we mail and the cost of the printed space. Space is Limited! We work on a first come first serve policy.

All ads must be ready to go in a **PDF format**. Ad sizes are posted. In the event that you need a graphic artist to help design an ad, I have several extremely affordable artist. Just contact me at ken@buckleysgrill.com
